

Name: Siddhesh Krushna Kadge

Address: Juhu gaon, sector 11, vashi, navi mumbai, 400703.

Mobile: +91 9325623328, +91 7588525387

Email: siddheshkadge214@gmail.com

Objective:

To be a brilliant performer in applying my skill sets, to achieve the short-term and long-term goals that have been put into a good industry.

Highlights:

- SQL development skills.
- Good knowledge about object-oriented programming concepts.

Skills:

- Languages: JAVA, PHP
- Web Technologies: HTML, CSS, PHP, BOOTSTRAP, JavaScript, Ajax
- Database: MYSQL,

Certification Course:

JspiderQSpider (Pune)

- Java and SQL

Framework:

- Codeigniter 4

Experience:

- Experience: Currently Working as a PHP Developer (From Jun 2023).

Projects:

1. Enatyam :

Online Registration and Event Management Platform for Bharatanatyam and Kathak.

Context:

Enatyam is an online platform developed using Code Igniter, designed to streamline registration processes and manage events for Bharatanatyam and Kathak enthusiasts. The platform facilitates online registration for events and integrates features for efficient event management.

Role:

As the lead developer and designer, I was responsible for implementing key functionalities, including WhatsApp integration for communication, designing the user interface, and developing event management features within the admin dashboard.

Description:

- **WhatsApp Integration:** Integrated WhatsApp functionality to facilitate communication between organizers and participants, providing real-time updates, reminders, and notifications about upcoming events, registration status, and event details.
- **Design:** Designed an intuitive and user-friendly interface to enhance the user experience, ensuring seamless navigation and accessibility for both organizers and participants. The design focused on showcasing the beauty and elegance of Bharatanatyam and Kathak while prioritizing usability.
- **Admin Dashboard:** Developed an admin dashboard with features for managing events effectively, including online meeting scheduling, event creation, participant registration management, and communication tools. The dashboard provides organizers with comprehensive control and oversight of event logistics.
- **Online Meeting Functionality:** Implemented functionality within the admin dashboard for conducting online meetings, enabling organizers to schedule and host virtual events, workshops, and classes. This feature enhances the accessibility of traditional dance forms and facilitates global participation.

2. Vedik:

Astrology Consultation and Schedule Management Platform.

Context:

Project is an innovative platform tailored for astrology enthusiasts, offering astrology consultation services alongside robust schedule management features. Developed to cater to the unique needs of astrology practitioners and clients, Vedik Project combines astrology insights with efficient scheduling capabilities.

Role:

As a key contributor to the Vedik Project development team, my focus was on integrating astrology consultation functionalities with schedule management features to create a seamless and intuitive platform.

Description:

- **Astrology Consultation:** Designed and implemented astrology consultation features, allowing users to connect with experienced astrologers for personalized readings and guidance. The platform provides a secure and user-friendly environment for clients to seek astrological insights and advice.
- **Schedule Management:** Developed comprehensive schedule management tools tailored specifically for astrology practitioners. These tools enable astrologers to efficiently manage their availability, schedule appointments, and organize consultations, ensuring smooth operations and optimal client engagement.
- **Appointment Booking:** Integrated appointment booking functionality within the platform to facilitate easy scheduling of astrology consultations. Clients can browse astrologers' availability, book appointments at their preferred times, and receive confirmation details seamlessly through the platform.
- **Astrological Insights:** Implemented features to enhance the astrology consultation experience, such as providing astrological insights and personalized recommendations based on clients' birth charts and specific inquiries. These insights enrich the consultation process and deepen client engagement.

Skills and Competencies Demonstrated:

- Proficiency in developing specialized platforms for niche markets, such as astrology
- Expertise in integrating astrology consultation features with schedule management functionalities
- Ability to create intuitive user interfaces tailored to the needs of astrology practitioners and clients
- Experience in leveraging astrology insights to enhance the consultation experience
- Strong problem-solving skills and collaboration abilities within a development team
-

Interest:

- I like to know the recent development in all fields and their development procedure.
- Surfing the internet and learn to new technology.

Personal Information:

- Date of Birth: 05-March-2001
- Father's Name: Krushna Kadge.
- Nationality: Indian
- Hobbies: Playing Outdoor Games

The above-mentioned information is authentic to the best of my knowledge.

Date:
